## ALEX ROUSH ARCHITECTS, INC

Job Captain & Interior Designer

2016-2018

- Both companies focused on Healthcare Facilities:  
Collaboarted with Engineers to produce Construction Documents.
- Managed client relationships by presenting Preliminary Floor Plans, diligently designed each plan to meet thier desires & deadlines.
- Worked through the entire process of all projects, which includes: site visits, programming, design development, & the final stage of producing CDs.
- Primary focus of work was dedicated to the Front-End Production Line, this was a major opportunity which expanded my skills in design, along with building strong relations with clients and teammates.
- Tools: AutoCad, ArchiCad, Revit, Photoshop, Excel, Microsoft Works

## NON PROFIT ORGANIZATION

Freelance Graphic Designer and Marketer

2016 - Present

- Collaborated with Lead Marketer of the organization to reestablish the organization's online platform. The current project includes the redesign of the organization's website.
- Developed flyers, brochures and currently working to redevelop their website.
- Tools: Illustrator, Photoshop, InDesign, Excel, Microsoft Works

## UX PROJECTS

User Experience Designer

2019 - Present

- Colloaborated and led team members to develop mobile applications that serve the needs and desires of the users. Each project included agile planning, qualitative and quantative data to successfully achieve the product's vision.
- Tools: Adobe XD, Illustrator, InVision, Excel, OverFlow, Photoshop, Miro
