ALEX ROUSH ARCHITECTS, INC

Job Captain & Interior Designer
2016-2018

- The opportunity to work on the design team of our firm was the major highlight of working as a Job Captain. The immediate needs of our clients became a lot more apparent during this stage of production. It offered the chance of establishing strong client relations, as well as the skill to rapidly sketch design solutions.

- Awarded the chance to work on multiple projects with one of our top project managers in developing a new phase of construction for their company. It was a major milestone that paved a path to building project management and leadership skills.

- Designed and presented approximately 15 to 20 floor plans per week to our clients via webinar meetings. The need to iterate and sketch ideas for our clients was an integral aspect for the design team.

- Recognized by Project Lead for meeting crucial deadlines and maintaining clarity with our top clients.

UX PROJECTS - AUTISM IMPROVISED, WEBSITE REDESIGN

User Experience Designer
2019 - Present

- Successfully rebranded the organization's digital platform by redeveloping their responsive website.

- Effectively redesigned the user interface, which includes all of their iconography.

- Coordinated user research and multiple meetings with the stakeholders.

- Tools: Adobe XD, Miro, InVision, Overflow

UX PROJECTS - FOSSIL & HIDE, REDESIGN OF eCOMMERCE WEBSITE

User Experience Designer
2019 - Present

- Efficiently collaborated with fellow team members to recreate the eCommerce experience for Fossil & Hide.

- Productively reused the brand's current images and upgraded their user interface to reflect the company's mission which was not present in their website.

- Adobe XD, InVision, Photoshop, Illustrator, Overflow, Miro
